Some of our feedback/testimonials from the day:

“Mr Goldberger not only knows his stuff, he knows how to teach! An excellent overview of the areas covered, and excellent materials as well. One of the best CPD seminars I've been to.”

“This speaker is the best presenter that I have heard EVER.”

“Fantastic paper, will be a great resource.”

“The practical nature of the presentation was excellent”

“Great delivery, would listen to him again.”

“Very interesting speaker and topic.” (inhouse counsel)

“The written materials will be very useful for future reference. It was great to have a session which covered areas that so many lawyers need to be aware of every day, and included some excellent reminders on key areas and on drafting traps.”

“Jeffrey Goldberger is a very accomplished presenter who is able to communicate complex issues in a simplified but targeted manner. His presentation and preparation of papers was superb.”

“One of the best presentations we've had yet I thought. Was dealing with particularly dry areas of law but evidently had exceptional knowledge (didn't read straight off his slides), was clear and concise and reiterated areas that he thought were important which was handy for relatively younger lawyers like me that take a little longer to absorb it! “

“Mr Goldberger was very knowledgeable on the topics covered and was a very good speaker, accompanying information book extremely valuable.”

“The speaker was engaging and on point. The materials are set out in an easy to understand fashion which I will use as a reference tool” (inhouse counsel)

“Great paper and excellent spoken summary.”

“The materials are great and will be a valuable resource for my firm.”
